WHENEVER the people fail to elect a Democrat to office in Kentucky, the job is done through a partisan Court.

THOSE indifferent citizens who didn't think it worth while to go to the registration places last Tuesday and procure a "Certificate of Registration," may realize their mistake when they go to vote this fall.

EVERY time the Courts get a whack at the "closed shop" proposition, the closed shop gets a black eye; and the first thing you know there won't be a Court in the land that will have the Union Label on it.

For the building of the proposed tobacco warehouse, fully \$20,000 will be paid out to workingmen, the biggest part of which will find its way into the stores of the city and for the rent of houses. Every man who sells groceries or who owns a house should be in favor of building the sewer, which means the building of the warehouse.

AFTER all, Governor Bradley seconded the nomination of Roosevelt on behalf of Kentucky, and it was done in a speech such as no other Kentucky Republican could make. After recounting the outrages perpetrated upon the Republicans of this state, "under the forms of law," the Governor concluded-

"We are nerving ourselves for the coming conflict, and in November next hope to break the chains which partisan legislation has thrown around us and restore freedom to the state which gave birth to ABRAHAM LINCOLN and holds within its bosom the ashes of HENRY CLAY."

In 'Cincinnati "the Pike site" seems to be the uppermost thing by a dam site.

Another of Bristow's "Postoffice thieves" has passed the ordeal and come out unscathed. The report of Assistant Attorney General Charles H. Robb on the investigation of alleged irregularities in the bureau of Third Assistant Postmaster General Edwin C. Madden in connection with the printing and disposition of specimen postage stamps has been submitted to the President. It finds nothing improper in Mr. Madden's conduct, and says the practice of the gratuitous distribution of a limited number of these books has obtained in the Postoffice Department ever since postage stamps were first printed. It is now in order for Mr. Bristow, late of Fleming county and Kansas, to come again some more.

THE legal aspects of the "closed shop"that phrase being interpreted to mean contracts between employer and employe, or their associations, not to employ other than members of certain organizations—has recently been passed upon by the Appellate Court of Illinois in a decision which probably has not received the attention which its importance merits. The question of the legality of a contract of this character has frequently been discussed, but so far as is known it is safe to say has never heretofore been specifically passed upon by the Courts. It is this fact that makes the decision of the Illinois Court of such interest and importance. The Court holds that DOES A GENERAL BANKING BUSINESS such a contract is in violation of the Fifth and Fourteenth Amendments of the United States Constitution, is in violation of the Constitution of the state of Illinois, and is in violation of the criminal statutes of that state. Employers who under duress are forced to sign exclusive contracts with Unions are guilty of an unlawful act, and when they do so voluntarily they are guilty of criminal conspiracy under the laws of Illinois.

Passed Stone and Gravel With Excruciating Pains

A. H. Thurnes, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

No Other Remedy Can Compare With It

Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.
